STRATHCONA, ALBERTA, WEDNESDAY, MAY 20, 1908

No. 10

Chief of Police Patterson Resigns

Resignation Accepted by City Council Last Night, to Take Effect at Conclusion of Investigation

The first communication read at the City Council meeting last night was the following from the Chief of Police:

The Mayor and Council,
Strathcona.

Sirs:—I beg to tender you my resignation as Chief of Police of Strathcona, to take effect immediately on the close of the present investigation no matter what the findings may be.

I beg to state that, in view of the attacks made on me, I felt that my position was no longer tenable, and my influence so impaired that I should resign, and I therefore tendered this resignation some time ago to the Police Committee with a request that the same time be taken for a judicial investigation into the charges that were being made against me, and the rumors that were current affecting me. They then informed me that they were advised that if my resignation was accepted no investigation could be held, and because of this I withdrew that resignation. For the same reason, I now ask you, as above, not to accept this resignation until the investigation is complete.

I trust that, in sending this letter, I may not be considered in any way as saying or doing anything that may be taken as a comment on any of the questions involved in the current investigation, but I feel, both to justice to myself and to you, that you should know what my desire is: first to assist in every way possible in investigating these charges, and then, once they are investigated, to retire from the police force of Strathcona.

If Mr. Mills and his supporters did not persist in trying to use these rumors and charges as a lever to put him back in the Mayor's chair, and trying to alight at the same time other questions and avoid answering the many reasons why he should not get back, I would not have sent this letter to you at the present moment, though it has been my intention from the first, because of these attacks, to put in my resignation as soon as I could do so.

Yours truly,

HENRY PATTERSON.

Alderman Shepherd moved, and Alderman Cameron seconded, that the communication be filed, but an amendment that the resignation be accepted to date from the conclusion of the investigation was carried on the motion of Alderman Bush, seconded by Alderman Somersall.

REPORTS OF COMMITTEES

The fire and light committee reported in regard to the request of the fire brigade for additional apparatus that they were in favor of the purchase of four hydrant gears, but that they required further time to consider the advisability of purchasing a Hall roof extension ladder and 1,000 feet of hose.

The report was adopted. The fire and light committee reported recommending the installation of an are light at the corner of South Street and Tenth Avenue South.

The parks committee reported that the improvement of Allendale Park was being proceeded with and a number of trees planted. Report adopted.

The special committee to consider the application of Geo. F. Downes, police magistrate, for a raise of salary had been referred, reported that in their opinion it was not wise at present to grant the request. Theroput was adopted.

REPORTS OF OFFICERS

The City Engineer reported that the proposed extensions of water main had been receiving and opening main

in wards 2, 3 and 4 would cost \$5,337.75 and it was resolved that the report be laid on the table for consideration later.

The engineer reported recommending that the C. P. R. be asked to improve certain crossings and to construct others, and instructions were given that the matter be taken up with the railway company.

The secretary handed in a report recommending that a check for \$125 be issued to ex-Alderman Crawford to cover the expense of taking witnesses to Calgary in defending the action brought by the Alberta Nurseries Co. to recover the cost of trees supplied to the city last year for planting in Allendale Park. These trees did not grow, and the city refused to pay for them.

It was resolved that the secretary be authorized to issue a check for the amount as set for.

BY-LAWS AND AMENDMENTS

The following by-laws each received two readings.

A by-law regarding the licensing and regulating of dairies and vendors of milk.

A by-law to amend the by-law appointing the food inspector and defining his duties.

A by-law to amend the health by-law so as to provide for a penalty for spitting in public places.

The pound by-law was laid on the table for future consideration.

The by-law granting a franchise to the American Canadian Oil Co. to supply natural gas to the city was read a third time and finally passed. It was resolved that the license fee be amended to provide for a license fee of \$25 per annum for moving picture shows.

THE ACCOUNTS

The following accounts were read and ordered paid:

Canadian Oil Co.	7.70
Winnipeg Rubber Co.	30.00
Canadian Rubber Co.	318.75
Plainsdealer Co.	9.75
Blain & Co.	2.55
Edmonton Printing and Pub. Co.	35.00
J. D. Foster.	35.50

OTHER BUSINESS

Messrs. Lavell & Allison wrote on behalf of Mr. Thos. Oliver claiming compensation for injuries received by the latter on January 19th last in Second Avenue South through a defective sidewalk near the immigration hall. Mr. Oliver the communication pointed out, had been in the hospital from January 19th to March 31st, and on coming out, being unable to take up heavy work, had been found employment by the city, and earned that \$34.50 was still owing him for this work. He demanded payment of this sum, and claimed \$500 compensation for the injuries received by him.

A part of the letter referring to the claim for wages was referred to the city hall market and police committee, and that referring to the claim for \$500 to the city solicitor to be considered.

A petition by J. W. Graydon and others for a four foot plank walk along block 113 was referred to the public works committee.

Two more applications for positions on the police force were ordered filed. A resolution was passed instructing the public works committee to proceed with the construction of the sidewalk from Second Street East to the immigration hall.

A motion was unanimously passed approving of the principle of levying a water tax.

In reply to a query by Alderman

addressed to the mayor, Acting Mayor Richardson said that Mr. Mills had handed over to him several letters. Some of these were addressed "N. D. Mills, Mayor of Strathcona," and others to "The Mayor of Strathcona," but all of them had been opened.

The rules were suspended to hear deputations, and Mr. Arthur G. Gainer of the firm of J. Gainer & Co., but

THOUGHT HE WAS A DOUK. This evening the Strathcona City and Trinity Football teams played an inter-city series at Agricultural Park here. Both are out to win and a good contest should result. The City's lineup will be considerably changed owing to injury to players in the last game while Trinity will also have on several new men. The teams will be:

Ft. Saskatchewan Road Race

At the Fort Saskatchewan, Victoria Day sports this year, a new event on the program is a road race from Edmonton to Fort Saskatchewan, finishing on the race track at the latter place, the distance being approximately 100 miles. By permission of the Canadian Amateur Athletic Union this race will constitute the Olympic Trial Race for Alberta, the best man in the race earning the privilege of going to Toronto to compete there for the honor of representing Canada in the Olympic races in London, England. A further incentive to runners in the Fort Saskatchewan Road Race are valuable prizes, consisting of cup, value \$100, for winner, and gold medals \$50 and \$15 for second and third respectively.

Intending competitors are requested to send in their names immediately to R. C. Raser, Sec. Fort Saskatchewan Sports Committee.

CLEVELAND STRIKERS RUN RIOT.

Cleveland, Ohio, May 20.—A day's acts of lawlessness were connected with the street car strike between midnight and dawn yesterday. Trolley wires were cut, crews were driven from their cars and in some instances non-union men were attacked by strike sympathizers. Trolley wires in Lakewood, a western suburb, were cut in several places with the result that the Municipal Traction company announced this morning that no further attempt would be made to operate cars in that section until the Lakewood authorities granted protection for its men and cars.

Because of alleged discrimination in fares against Lakewood by the Municipal Traction Company it is claimed that the authorities of that town are making no effort to suppress lawless acts committed by strike sympathizers. They were a mobbed increase in the number of cars operated by the company to-day, the five minutes' rush being observed on some of the lines. Each car carried a policeman in the motorist's vestibule.

COMPROMISE LIBERTIES OF BRITISH SUBJECTS.

Montreal, May 19.—Hon. Robert Rogers came down from Ottawa last night and today spent the afternoon calling upon local friends. "The Montreal Star," says, "Mr. Rogers is a man whom he had known."

A petition by J. W. Graydon and others for a four foot plank walk along block 113 was referred to the public works committee. Two more applications for positions on the police force were ordered filed. A resolution was passed instructing the public works committee to proceed with the construction of the sidewalk from Second Street East to the immigration hall.

Football

Strathcona City vs. Strathcona Trinity.

This evening the Strathcona City and Trinity Football teams played an inter-city series at Agricultural Park here. Both are out to win and a good contest should result. The City's lineup will be considerably changed owing to injury to players in the last game while Trinity will also have on several new men. The teams will be:

Strathcona City	Strathcona Trinity
Watson	Goal
Carmichael	Backs
Belamy	Smith
	Canpelt
Cox	Halves
Tennings	Hardy
Forwards	Holloway
Newman	Edwin
Bartram	Hunston
Christie	Ladlaw
McDonald	Milne
Berrand	Lucas

Thought He Was a Douk.

Toronto, May 20.—When Jarvis street was crowded with churchgoers last Sunday, Doug McLaughlin started to walk down the street in a mad dazed condition. He had just taken a bath and walked down the middle of the street exactly as he had stepped out of it. He stroled along the street in the sun about half an hour, when Constable Fraser drove an overcoat over him and he was taken into the Boulevard hotel. A messenger went to McLaughlin's boarding house and brought back a suit of clothes, after which McLaughlin was taken to the hospital.

McLaughlin came down last week from a place near Owen Sound, to attend the Baptist laymen's convention. He appeared to go distraught last Friday, being then found wandering near the Don River. He was searching for God, he told his friends.

CAPITAL WILL FIGHT LABOR.

New York, May 19.—A determined warfare on all labor unions, which will have the support of the 3,000 members of the National Association of Manufacturers, representing an aggregate capital of fifteen billion dollars, will soon be commenced. This action was determined upon at today's session of the association which is holding its annual convention at the Waldorf Astoria. Political methods will be used by the manufacturers in the fight, which will reject a new and vital issue into the present campaign.

According to President James W. Van Cleave the membership of the association is practically unanimous in its determination of fighting the unions. It is alleged that of the 30,000,000, 1,500,000 are affiliated with the American Federation of Labor, and that any determined stand against what is termed the "tyranny" of organized labor will receive the support of the great majority of these unorganized workers.

It is stated that the association will not attempt to disrupt the unions, but will make its fight against some of the principles which the unions stand for and which are obnoxious to capital. Among these are the closed shop, the boycott, sympathetic strikes, apprenticeship restrictions and compulsory use of the union label.

New York labor dealers are apparently not alarmed by the proposed warfare of the association and declare that it is but another path of the spirit of main antagonism to unions which has heretofore found force expressed in citizens' alliances and similar bodies.

Oliver on The Aylesworth Act

Ottawa, May 19.—Hon. Frank Oliver, minister of the Interior, held the first of the Aylesworth bill but his speech was remarkable only for what it did not contain. He had the wrong argument, and it was quite apparent, even to the supporters of the government, that he was speaking against his convictions. Premier Roblin and Hon. Mr. Rogers are here expressly for the purpose of interviewing the Premier and the leader of the opposition, and it is reported tonight that as a result a compromise may be reached before the debate advances much farther. The opposition are standing pat, while the government are wandering forth and absolutely in the fog. The veiled concession suggested by the Premier has thrown confusion into their ranks. No one seems to know what is coming next.

There has been nothing to substantiate the allegations made respecting the Manitoba lists. That they are absolutely fair and impartial is admitted by the rank and file of those sitting to the right of the speaker. The most remarkable feature about the discussion so far is that while the bill is made to apply to British Columbia, not one word has been said against the lists in that province. This is clearly shown in that it clearly shows the object of the measure is not so much the getting of impartial lists as it is to capture seats for the party.

Mr. Oliver did not put up any defense of the bill. He confined his remarks to rambling insinuations as to seeming inconsistencies on the part of the opposition, and his forthright was most disappointing.

Roosevelt on Good Citizenship

Washington, May 20.—"Good citizenship" was the subject of an address by President Roosevelt yesterday, in which he paid a notable tribute to motherhood before a large gathering of Methodists at the American university, in course of construction just outside the city limits. The assemblage was composed principally of the delegates to the general conference of the Methodist Episcopal church now in session at Baltimore.

What was to have been a feature of the day, a review of the delegates by President and Mrs. Roosevelt in the college of history was abandoned owing to an engagement which the president had previously made.

Probably no feature of the exercises occasioned the president more real delight than the singing by the German members of the general conference of "Ein Feste Burg ist Unser Gott" ("A Mighty Fortress is Our God"), a hymn sung by the adherents of Martin Luther during the period of reformation.

"That's fine," exclaimed President Roosevelt, when the singing of the old hymn began. He allowed that it was his favorite song. The president then repeated a portion of the first verse of the song in German—to the evident delight of the assemblage.

An incident which perhaps created the greatest enthusiasm was the declaration of Bishop Earl Cranston, resident bishop of this city, that President Roosevelt was "a born Methodist," but he added that the president was ecclesiastically misplacéd early in life.

The president replied by saying that "I do feel mighty kind to you." The president before beginning his address wished the authorities well in their purpose to "plant here an American university" and that "that splendid dream of the great and best of American presidents—George Washington."

New Theatre For Edmonton

Carl Berch, formerly manager of the People's Theatre, Vancouver, B. C., completed arrangements yesterday for the first of October. The building will have a frontage of 75 feet, running back 120 feet and will seat between 1,500 and 2,000 people. The material will be brick and stone, and all the modern improvements and latest designs will be provided. The stage will be large and commodious, with ample dressing rooms attached. The building will cost \$50,000, while \$25,000 has been paid for the lot. The total outlay will amount to between \$15,000 and \$20,000, and Edmonton will then possess one of the best and finest theatres west of Toronto.

The work of constructing this theatrical building begins very shortly and will be ready for occupancy by the first of October. The building will have a frontage of 75 feet, running back 120 feet and will seat between 1,500 and 2,000 people. The material will be brick and stone, and all the modern improvements and latest designs will be provided. The stage will be large and commodious, with ample dressing rooms attached. The building will cost \$50,000, while \$25,000 has been paid for the lot. The total outlay will amount to between \$15,000 and \$20,000, and Edmonton will then possess one of the best and finest theatres west of Toronto.

Insane Clergyman Kills Wife

Fairmont, W. Va., May 20.—Temporarily insane, according to his own statement, the Rev. S. A. Coffman, 60 years old, a prominent Methodist Episcopal clergyman, killed his wife Monday by cutting her throat with a knife. A moment after the crime he says he regained his senses and realized what he had done. He surrendered himself and was locked up.

Rev. Coffman resides at Rostown, but three miles from here, and has a charge of three local churches. His wife was a member of a prominent local family and was 33 years of age. During the past week or two Rev. Coffman has been conducting a series of revival services and has been adding many to membership of the churches under his care. About midnight he and his wife were discussing these meetings when he suddenly seized a poker and began striking her over the head. There was a struggle during which Mrs. Coffman succeeded in escaping from a house to the garden at the rear. She was followed closely, however, by her husband and when he caught up with her another battle for her life took place. Coffman had taken a knife with him, and when he had her powerless in his grasp he cut her throat from ear to ear, causing instant death.

According to a statement by the Rev. Coffman when he looked on the lifeless body of his wife his sanity was immediately restored, and he realized what he had done. He gave himself up and said he intended to kill the whole family.

Strathcona Odd Fellows Win Banner

Last evening the last of the series of degree competitions between Friendship Lodge No. 7, Edmonton and Strathcona Lodge No. 3 took place in the lodge room of the former and was won by Strathcona by a margin of nine points. On the previous degrees they had a lead of seven points, consequently they became winners of the set of banners presented by Past Grand Master A. E. May by sixteen points. The local lodge is to be congratulated upon their victory as the Edmonton degree team includes many men who have had years of experience in the work. At the conclusion of the competition refreshments were served by Rebekah Lodge No. 1, of Edmonton.

SUFFRAGE CAMPAIGN AT DRY

OTTAWA, May 20.—The "Woman's Suffrage" campaign has begun in Ottawa, and on Thursday evening the first public meeting will be held. Ralph Smith, M.P., will be chairman and the Rev. Dr. Cameron will advocate the cause of woman.

That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired, rundown nerves, and but a few doses is needed to satisfy the body that Dr. Shoop's Restorative is really reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels and to sluggish circulation in general. The customary lack of exercise and outdoor life, and oft-times weakness of the heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test it will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold

The Grand Trunk Status in Financial Market

The slump in Grand Trunk Railway issues, says Canada, has assumed such serious dimensions that it is certainly incumbent upon those whose faith in the future of this great property remains undisturbed by a temporary setback, to point out that the retrograde movement is assuming abnormal proportions. The Grand Trunk Railway Company has had many ups and downs. It was built years in advance of the country in which it was to operate; it cost far too much money to begin with, and—as remarked by Sir Charles Rivers Wilson at the recent meeting—had to suffer for the mismanagement and extravagance of early years. Handicapped as it was by initial errors the management that has been in control during recent years has effected vast improvements, placed the entire system in a first-class physical condition, and transformed the financial status of the company. The company has now grown up to the railway, and it is obvious to any impartial observer that the company's prospects are infinitely better than they have ever been before. There has been occasional grumbling because the management has thought it advisable in the best interests of the company to spend large sums on betterments out of revenue, but that the general policy of the directors has been approved both by the market and investors is shown by the remarkable enhancement in the value of the different issues which has taken place during recent years. That the recent falling off in earnings is disappointing cannot be gainsaid; but as Sir Charles Rivers Wilson pointed out at the meeting, for thirteen years the Grand Trunk has enjoyed a constantly increasing revenue. The present was "merely a momentary check," and "nothing could permanently imperil the progress of the company."

Last year's disappointing harvest was one of those untoward developments which must be experienced by every country, whilst the trade reaction in the United States, and in a lesser degree in the Dominion itself, has acted as a deterrent influence upon the trade. Those who are familiar with the Grand Trunk's area know perfectly well that its operations are in the manufacturing districts in Eastern Canada, where the slackening of trade has been most in evidence. The Grand Trunk, of course, as a result of carrying less inward freight in the way of raw material, has not suffered in the form of manufactured article, and less merchandise from the seaboard to the distributing centre. That there should be a heavy falling off in traffic is not natural. But investors would do well to remember that there are now competing with savings which were the best of the history of the company and that only a few years ago they would have been considered remarkably satisfactory. We would remind those who may have been scared by the irresponsible gossip as to the windmills on the west and Second Preference issues being imperilled that the entire system is in such an efficient condition as a result of the far-seeing policy of the management that substantial economies will be possible without in any way impairing the general efficiency of the undertaking. Sir Charles Rivers Wilson stated at the meeting that all the efforts of the management were concentrated on endeavors to minimize as far as possible the effects of declining revenue by retrenchment in working expenses. Two important items in which considerable savings should be effected this year are coal and wages, whilst the cut in maintenance and improvements should also show material reductions. With regard to the prospects of the remaining months of the year, it is early to be able to form an opinion of the next crop, but so far there is every prospect of an increased acreage being planted, and seedling has been carried out under very favorable conditions. The trade outlook is still uncertain, but it is generally believed that the reaction which has been recently experienced will be of short duration, and that a welcome improvement in the trade

of the country may be confidently expected. It is significant of the confidence Americans have in the future of the country that they are flocking into the Dominion this year in increasing numbers. A temporary reaction following one indifferent harvest is accepted in its true proportion by the astute Yankees, who find greater attractions over the border than in their own country. A point which stockholders in the Grand Trunk Railway should not overlook is the accession of considerable traffic from the opening of a portion of the Grand Trunk Pacific in the latter part of the summer or early in the autumn.

McINTYRE'S OLD STAND

Around the City

* See Wilson's prices on boy's suits
First door west of Dominion Hotel.

Messrs. Duff and Athel Bisset re-
turned yesterday from Toronto where
they have been attending MacM aster
University.

* H. Wilson is going out of the boys
clothing business and is offering all
kinds of bargains.

A special meeting of the Black Pre-
ceptory will be held tomorrow
evening in the Orange Hall. All Sir
Knights are requested to attend.

* H. Wilson's premises are required
by the Dominion Hotel, and he is
holding a sacrifice sale of boy's cloth-
ing.

The Canadian Order of Foresters
will meet in the Orange Hall on Fri-
day evening at 8 o'clock.

The S. O. E. B. S. meets to-mor-
row evening in their hall. On Sun-
day afternoon May 24th the Society
will attend divine service in the Eng-
lish Church at 3.00 p.m.

It is stated to-day on good author-
ity that Ex-Mayor Mills will not be a
candidate for reelection to the May-
or's chair.
